Sponsors

Eastern Alpaca Group would like to thank all of our sponsors, without whom we could not run the show. Find a full list on p7. Special thanks also go to Cipher Crystal and Moat Farm Alpacas for donating the trophies, and also to Dengie and Emerald Green Feeds for exhibitor bag donations, and Southern Laser & Surveying Equipment for arranging hurdle hire.

Eastern Alpaca Group Welcome

Welcome to the East of England Alpaca show 2023 at Beechwood Equestrian Centre.

We hope that you have a great weekend showing your animals and meeting up with friends old and new.

Once again we are indebted to all our generous sponsors who have supported the show this year. Without your generosity, it would be difficult to stage an event like this for all.

Thank you to Jo Bridge for judging and we welcome Charlie Major as Ring Steward this year.

A very big thank you to Harley Laver who, straight off the back of our fleece show in August, has put together today ensuring that everything is in place for when the animals arrive!

We have a loyal band of volunteers who have been up at the crack of dawn to get the arena ready.

Thank you as you are the unsung heroes of today and tomorrow at the breakdown.

Time is of the essence so please be ready to bring your animals to the collecting ring ahead of your class so that we can keep things running smoothly. Please remember that whilst our stewards will try to make sure you are in the collecting ring in good time, it is your responsibility to have your animals ready for the classes they are entered to avoid disappointment.

The whole arena must be cleared by our volunteers Sunday night before heading home. It would be very helpful to all if you could put your muck in the builders bag provided and take it to the trailer parked just outside. Also please unclip the pen hurdles as both these things save us so much time afterwards.

Thank you again for supporting the East of England 2023 show. On behalf of the committee I wish you every success.

Best wishes

Simon Ilett – Chair of EAG
